St Nicolas: A Hybrid Church

At St Nicolas we want to ensure that church is accessible to everyone, and that regardless of how you participate, we are a hybrid church.

As a hybrid church our commitment is to:

- Treat the digital space as an equally valid place for worship, fellowship, prayer, discipleship and teaching.
- Provide digital access to our services in real time and on demand.
- Invite those connecting digitally to contribute, lead and serve at services.
- Apply effective safeguarding procedures to ensure that church, both onsite and online, is a safe place.
- Enable digital participation at church meetings and events wherever possible and allow those present digitally to contribute and vote in the same way as those on site.
- Encourage those with creative, digital and spiritual gifts to become leaders in the church's digital ministry
- Ensure that those who are digitally disenfranchised are able to access all aspects of church without needing to be online.
